## **Roma Court Academy's Childcare Partnering with your Corporation...** *Employer Sponsored Childcare Solutions*

Childcare fees currently rank as one of the top family expenses, second only to a mortgage/rent among working families. It is imperative for working parent families to be able to afford quality childcare, especially if they need care for their infants and young children for eight hours or more a day. We would like to offer family care solutions to ease this burden on working families.

Through our program, your business will be able to offer your employees a state-of-the-art childcare program. ## **About Us...**

Roma Court Academy is a state-of-the-art childcare facility. The staff of Roma Court Academy is dedicated to providing quality care for the children and families we serve. We are confident your child will experience a positive environment in which he/she can learn and grow.

We believe children learn through play experiences they help to create. Play encourages creative thinking and cooperative behavior. Our goal is to develop your child's mind and soul. We believe in teaching children by example. The staff at the center will demonstrate morality, character, and strength. By interacting with positive role models, both at school and at home, at an early age, the children are building a foundation on which they can start to grow.

Our staff members are selected for their experience and knowledge of childhood development, as well as for their love of children. Our teachers are actively involved in developmental programs designed to promote each child's physical, cognitive, social, and emotional growth.

### **Teachers and Staff:**

At Roma Court Academy we know a solid educational foundation begins with the teacher. That's why our teachers are highly trained, highly motivated and highly responsive professionals, dedicated not just to child care, but also to laying the groundwork for your child's future academic and social success.
